

A diverse group of approximately 15 people of various ages and ethnicities are smiling and looking towards the camera. They are arranged in a group, with some standing slightly behind others.

## With Hearing Loss, You're Never Alone

**Dr. Wade Chien, M.D., FACS** is speaking on “Recent and Current Clinical Trials to Remediate Hearing Loss”.  
**November 16, 2019 - Time: 10:30 AM - 1:00PM Location: 3951 Pender Drive, Suite 130, Fairfax, VA**

He is a principal investigator of the Inner Ear Gene Therapy Program of the National Institute on Deafness and Other Communication Disorders (NICD). He is also an assistant professor in the department of Otolaryngology-Head & Neck Surgery at the Johns Hopkins School of Medicine and has an active clinical practice in Bethesda, MD. He will be speaking for 45+ minutes with 15-20 minutes for questions and answers. Please send your questions for Dr. Chien to [rmsilber@gmail.com](mailto:rmsilber@gmail.com) before November 9, 2019 in order for Dr. Chien to be able to address all inquiries. He will greatly appreciate your help in managing our time together.

We are expecting a sizable audience for this meeting. Please send a quick RSVP to [info@HLCnova.org](mailto:info@HLCnova.org) so we can plan room arrangement and chairs. We will provide coffee/water with light refreshments and are asking for volunteers on refreshments. Please contact Alice Crume at [info@hlcnova.org](mailto:info@hlcnova.org).

If you find you can attend the program at the last minute, please come. *You will be welcome.*

**3951 Pender Drive, Suite 130,  
Fairfax, VA 22030**
